Dear Vaibhav,

First of all I would like to thank you and your team for the reliable support that you have been providing. We thank you. Its was indeed a very pleasant surprise to hear about Manjul.

I am sure Manjul, you make you parents and your team proud. I congratulate you and may it be just a beginning of series of awards coming you way.

A treat is due when we meet next and it should be on me.
God bless you Manjul and you Vaibhav.

TK

Best Regards,

T K Vishwanath

Congratulation to your entire Team. I have had opportunity to work with Manjul and I must say that she deserves more and more adulations like these. All the best to her and to your entire Team.

Waiting for many more like these!!!

Regards

Shiveta Raina

3. Mr. Sumit Jain, Director – Panacea Biotech

“I have always found the quality of the work, support and legal solutions provided by her prompt, precise and exceed expectations. I have always valued her clear articulation of risks supported by a pragmatic approach based on market practice and commercial synchronization.”

4. Mr. Dilkhush Choudhary, Land Legal - Adani Green Energy

“I write to express my gratitude on behalf of the Adani Legal team. We are highly thankful to you for the display of exceptional work ethic and legal acumen for concluding the rectification deed assignment under tight deadlines and making yourself available during crucial discussions and negotiations.”

5. Ms. Swati Patil, Assistant Manager (Legal & CS) - Aditya Birla Renewables

“Your technical support in drafting and vetting contracts, providing concrete solutions to queries - all this in crunched timelines - has been critical in acquiring this large parcel of land. Your quick turnaround on ad hoc requests was critical in drawing funds from our lender and saving us from losing out on critical land parcels. Your work has been noted and appreciated by our finance and land acquisition teams too.

As an in-house lawyer, I’m also grateful for your business-oriented outlook, which many external lawyers seem to miss. I look forward to continuing working with you on multiple renewable energy projects in future.”
